RESOLUTION

We, the delegates participating in the NETAJI BIRTHDAY Celebrations 1983 (January 23rd) have considered the legal aspects of Netaji's personal status as a freedom fighter. After studying the relevant documents, we offer the following recommendations :

- ✓ 1. The Governments of India and of Japan are requested to set up a Joint Commission to record the authentic history of Netaji Subhas Chandra Bose and the INA and to accordingly modify history books in Japan and India giving full recognition to Netaji's status as a freedom fighter for India and for Asia.
- ✓ 2. The Governments of India and Japan are requested to set up a Joint Study Group for studying and examining the possibilities for international action to reject the majority verdict in the Tokyo Trial which perpetuates an injustice to the role of Netaji and the INA in the Second World War and is patently unfair to Japan.
3. We recommend that the Dissenting Judgement of Justice Radha Binode Pal should be given full recognition within the context of international law in the post-colonial era.
4. We request Prime Minister Nakasone of Japan to recognise the role of Netaji Subhas Chandra Bose for the future implementation of Indo-Japan cooperation and for that purpose to install a statue of Netaji Subhas Chandra Bose in Tokyo at a suitable place.
